

Material Declaration

August 27, 2018

Dear Customer,

We hereby confirm that our BIOLINK Products supplied to

Biolink Australia

comply with

- Directive 2011/65/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS)
- Directive 2015/863 (Amendment to Attachment II of RoHS 2)
- WEEE Directive 2012/19/EU on waste electrical and electronic equipment
- Directive 94/62/EC and all amendments on packaging and packaging waste.

Biolink does not use any of the restricted substances as well as Phthalates, Parabenes, halogenes and Alkyl phenols in their formulation of the above mentioned product. To the best of our knowledge, none of our raw material suppliers use these substances in the manufacture of their products. However please note that we do not routinely analyze our products for substances not purposely added.

I trust this suits your needs. If you have further questions, please feel free to contact me.

Sincerely,
Dr. Jasna Gehrke
Quality Management
